Comments: Ruby oil and gas

With great sadness the government wants to drill on \$54,000 acres in our beautiful Ruby Mountains for oil and gas. I was born and raised in Elko, Nevada. Whenever I mention I am from Northern Nevada, people ask me about Lamoille and the Ruby Mountains. It is not only known to Nevadans. What a shame to have this beautiful mountain range ruined.

PLEASE DO NOT DO THIS!!! IT IS ONE OF THE TRULY BEAUTIFUL AREAS NEVADA HAS TO OFFER AND IS ENJOYED BY EVERYONE WHO VISITS THIS AREA..

Sincerely,

Linda Vasquez
