Comments: To Whom It May Concern;

I implore you to ban fracking at this beautiful natural site; Ruby Mountains. Recently, the country of Portugal has successfully converted to using 100% renewable energy and we have no excuse not to do the same. It is my strong opinion that to frack any wonderus natural site is akin to fracking Mt. Rushmore: sacrilege. We have songs about the beauty and open land of America and to destroy it for money is a hateful crime.

Please don't frack.
