Title:

Comments: Ruby Oil and Gas

The undersigned, James R. and Katherine Darlene Bardsley, are vehemently opposed to the opening of lands in the Ruby Mountains to leasing for oil and gas.

James R. Bardsley was raised in Elko, went to school in Elko, and worked in Elko. Katherine Darlene Bardsley was born and raised in Elko, went to school there, and also worked in Elko. We visited the Ruby Mountain range many times and we still visit Elko and the Ruby Range several times a year.

Should the mountain range be opened up to oil and gas leasing, the beautiful mountains will be ruined. We are asking that the leasing be denied and prohibited.

If there is anything else we can do so this will not happen, please let us know.

Thank you,

James R. Bardsley
