Title: Vegetation Manager
Comments: Concerning the GMUG Forest Plan revision, I along with the county commissioners from Ouray & San Miguel counties are concerned that there is not enough emphasis on invasive and noxious weed control in the draft plan. Current budgets are inadequate to address the noxious weeds on the GMUG. The counties are requesting that the GMUG Forest Plan include language guaranteeing and emphasizing the need for noxious weed control along with the necessary budgets to accomplish control. Please consider this request as a priority. Thank You
