Comments: I represent the multi-family homeowners in Bachelor Gulch, CO on the board off the Bachelor Gulch Village Association. On behalf of my constituents, who comprise the majority of home-owners in the Bachelor Gulch section of Beaver Creek, CO, we enthusiastically support the proposed terrain developments within McCoy Park. Many of my constituents have reviewed the proposed McCoy Park Terrain Development and believe it is in the best interests of all of the winter sports users of this area, and that it will be operated in accordance with Beaver Creek's historical mandate of balancing the needs of wildlife with the recreational aspects of the park. Personally, I think this is a great idea, having used the terrain for snowshoeing and skinning, and I look forward to having additional beginner and intermediate terrain to reduce some of the crowding in other areas of the mountain.
