First name: Paul

Last name: Jardis

Organization: Bachelor Gulch Metropolitan District

Title: President

Comments: The Bachelor Gulch Metropolitan District, which is adjacent to the proposed McCoy Park Terrain Development, is in support of this proposed development.

The reasons that we support it are:

1. It will create a family friendly area for beginners and intermediates which will help disperse skiers from the busy mid mountain area of Beaver Creek.
2. In order for lower level skiers in Bachelor Gulch to safely access the beginner area at the top of Beaver Creek, those skiers must now take a bus from Bachelor Gulch to the base of Beaver Creek, then take two lift rides.
3. The McCoy Park area would provide easy and convenient one lift access from Bachelor Gulch for lower level skiers, which would enhance the guest experience.

Thank you
