First name: Barry

Last name: Parker

Organization:

Title:

Comments: To the attention of Scott Fitzwilliams: I am a recent past President of the BCPOA, a current Director of the BCPOA and member of the Executive Committee, and a Director of the Beaver Creek Metro District. My wife and I have been property owners for 17 years. We fully support the proposal to create a family ski zone in McCoy Park. We believe that this will be a very positive addition to the resort with virtually no negative impact on the mountain's eco system. We hope that the Forest Service will approve this proposal. Thanks. Barry and Donna Parker
