Comments: GMUG Forest Plan Revision - Scoping Comments

Dear GMUG Forest Planning Team:

Recreation is a key social and economic driver on the GMUG National Forest and I would like to see recreation addressed pro-actively through the Forest Planning process. Through Wilderness and special area designations, the Forest can protect and enhance recreation experiences for users and ensure these landscapes remain intact for future generations.

Thank you for considering citizen input. As a longtime resident of the western slope, recently moved to Fort Collins, I recognize the incredible resource for recreation on the GMUG National Forest. As a member of the Colorado Mountain Club, I support your efforts to maintain the essential beauty of human-powered recreation for all who seek it.

Sincerely,
M. Teresa Bagshaw
