Comments: My name is Cherry Gallagher, I live in Arrowhead and am a past Board Director for Arrowhead at Vail Association. 904 557-1477.

I am writing in support of Beaver Creek Resort-McCoy Park Terrain Development.

I am very familiar with the area, using it for snow shoeing and cross country skiing. It is a beautiful area and large enough to maintain it's current use as well as the newly proposed development.

Building on the Family experience in Beaver Creek, and specifically Arrowhead enhances the experiences for visitors and locals alike. Many Beavo and school groups start at the base of Arrowhead and this area is very convenient. I hope this project will come to fruition.
