Comments: I am in support of the Golden Peak Improvements project. In my opinion it does not change the look of Golden Peak and it will allow good recreational use of the mountain in both the summer and the winter. I am an avid hiker, runner and skier and have always wanted to use this part of the mountain. The benefits of this expansion of the ski mountain to the community and especially the ski racers will be great and I vote strongly for the expansion as someone who has lived full time in Vail since 1987.

Thank you,
