Greetings;

Please note, I consider the following correspondence to be a substantive formal comment under 36 CFR 219.53:

For the past 5 years, I have served as a docent at the Sacajawea Interpretive Center, here in Salmon, ID, and now serve as the chairman of the Center's Advisory Board, so I find our cultural history a vital part of our local inheritance.

To date, we have not seen any information in the draft report about our cultural or historic values. How can the public review or even validate the ORV for these values without those findings being addressed in this revision? And if they are address, where do we find same?

Thank you.

Kenn
