Comments: Hi there -

I would like to show my support for the proposed wilderness off of State Hwy 135 between Almont and Crested Butte. We have few enough wilderness areas in our country as it is and as eco-tourism is one of our biggest indirect employeers, we would like to keep what areas we have pristine and usable to those who use non-motarised means to enjoy our country. I would hope that you would designate this Gunnison County proposed Wilderness Area in your official Fiorest Plan revision.

Thank you, Joan Windsor
