Title:
Comments: Spur Ranch Cattle Co. LLC and Spur Ranch LLC are the permittees on the Alma Mesa Allotment. I am a member of each LLC.

Congratulations on doing this project.

I cannot tell from the map what the boundaries are on the proposed treatment area.

If not included, would you please consider including the area on the north end of the Bear Valley Pasture on the Alma Mesa Allotment in the treatment area. This is generally the area between Horse Peak and Bear Mountain on the south and north, with the stateline on the east and Augur Peak on the west. This country should be burned to eliminate the build up of forest trash and excessive density of trees.

We request that we be consulted on burning/treatment periods so we may coordinate, as appropriate, with our livestock movements on the Alma Mesa Allotment.

Thank you for your consideration.

Tom Paterson
