Title:

Comments: John and Mary Holder have lived and recreated in this area for 45 years.

We strongly support new Wilderness in Roadless Area 146 and the Wilderness recommendations in the 2007 Draft Forest Plan."

This will

1. Keeps wild lands natural, no new development
2. Provides nature and solitude close to population
3. Generates significant economic benefits to local communities
4. Preserves primitive recreation activities
5. Was approved in the 2007 Forest Service Wilderness evaluation
6. Allows volunteers to assist Forest Service management

We enjoy hiking, skiing in these areas and strongly support the non motorized recreational use of these areas. We enjoy the quiet and solitude of no motors/noise/smells and the Disneyland like atmosphere and lack of respect that goes along with indiscriminate motorized recreation.

Thank you,
John and Mary Holder
