Comments: I support new Wilderness in Roadless Area 146 and the Wilderness recommendations in the 2007 Draft Forest Plan.

Even though I am an avid mountain biker, I feel there are plenty of trails for us and motorized vehicles. Animals, plants and us humans need space for quiet reflection. Or maybe the land should just be there....no humans at all. So that animals and plants aren't harmed by our interference.

Thanks for doing government service for all our citizens.
