Comments: To whom this concerns. I in any way approve of your revision plan. The state of Colorado already has several acres of wilderness land. I enjoy the Grand Mesa the way it is. To close areas for more wilderness will only over populate areas and roads causing more damage than there is now. All recreational land users can get along without any more needless closures or changes to wilderness as you see fit. I want kids of the future to be able to enjoy the Mesa as I have over the years. With your plan, it makes this nearly impossible. Thanks for hearing my opinion.
