Comments: Hello,

I am a member of Trail Riders of S AZ, and have been involved with this project from the start. This is a very much needed addition to OHV recreational opportunities, and will have a good economic impact on the area.

Hiking trail mileage is orders of magnitude greater than OHV trail mileage in the National Forests in S AZ, single-track is almost non-existent... And this addition will give more riding opportunities to the ever increasing numbers of OHV recreationists' in addition to reducing pressure on existing multi-use trails.

We need these new trails, now...
