Comments: To GMUG Planning Team,

I'm a trail runner. I worry about safety on mixed use trails with fast, downhill biking. Often I've had to jump off the trail to avoid out of control riders.

I hope that GMUG will include safety concerns about downhill biking in the scope of the Forest Plan Revision and EIS.

Also, I support GMUG's 2007 recommendation of Wilderness for Granite Basin. It's a popular area for trail runners. Wilderness would ensure safe recreation.

Thank you,
