Title: Owner

Comments:

My company, Tucson Dual Sport LLC, fully supports the efforts of TRS and the Tumacacori, Red Springs Single Track Moto Trail Project.

TRS is an established dirt bike club that promotes responsible use of our roads and trails in Southern Arizona. Tucson Dual Sport has been promoting Dual Sport riding around the Tucson area for 5 years. We are sanctioned by the American Motorcycle Association (AMA) and part of their exclusive Dual Sport National events. We promote dirt bike events in the Santa Catalina's, Santa Rita's, Tumacacori, Patagonia, and Redington.

I often ride on the ATV trail in Redington and would like to see single track throughout these areas. In Northern Arizona and our surrounding states (Colorado, New Mexico, and Utah) there are extensive single track trails available to motorcycles. Southern Arizona has the ideal terrain and public land for single track trails yet none exist.

This new trails system is especially sensible because it is an area that is seldom used, it uses already disturbed ground, the trail system would link with existing motor vehicle use roads, it's in an area designated for recreational use, and its maintenance would be minimal. Furthermore, there are several well established dirt bike clubs that would enthusiastically develop and care for these trails. These Tucson clubs are as follows: TRS, Sandblasters Dual Sport Club, and Desert Dual Sport club. Furthermore, my company and my contacts are willing to help these clubs maintain the single track system.

Tucson Dual Sport wholeheartedly recommends this project.

Sincerely,

Chris Dodds, Owner
