First name: Mike

Last name: Hawkins

Organization: Summit County Off-Road Riders

Title: Vice President

Comments: On behalf of the 300+ off-highway motorcycle riders in Summit County, we provide the following comments on the Grand Mesa, Uncompahgre and Gunnison Forest Plan Revision project#51806:

1. Keep the plan simple - a minimal amount of management standards applied at the landscape level should be the target- it will ease future site specific planning.
2. Support the motorized community and expand current motorized opportunities.
3. Please no more Wilderness areas.
4. Don't exaggerate user conflicts. They are the exception.
5. Don't create exclusionary corridors around the Continental Divide Trail or other National Trails System designated routes.
6. Please follow credible science, not "citizens against virtually everything" science or unpublished research.

Thank you for your work and keeping our public lands available to all the public.

Mike Hawkins
