Hello Forest Service,

We support new Wilderness in Roadless Area 146 & the Wilderness recommendations in the 2007 Draft Forest Plan. We use it often for hiking, biking & camping. It's so important to keep wild lands natural with no development. This is such a beautiful area & has wonderful wildlife. It would secure the benefits of wilderness for present & future generations, which is so important. This would be such an asset to our area. We live at the Roaring Judy Ranch & would so love to keep this the wonderfully beautiful place it is.
