Comments: I wanted to make a quick comment on one of the reasons that I choose to purchase a home in Crested Butte - other than the beauty and the people. It's my love for being outdoors and specifically mountain biking.

Given that love I have been a supporter of the Gunnison Public Lands Initiative, and I sincerely hope the GMUG planning team takes a collaborative approach - one that it's my understanding GPLI has taken to consider all users in it's proposed management prescriptions.

I believe a Special Management Area is a unique tool that needs to be taken advantage of as a progressive and proactive approach to today's impacts on public lands.

I wish you luck in the process.
