Comments: I am an avid outdoorsman and supporter of the various organizations in the Gunnison Valley that help manage our public land and resources. Specifically, through the support of CBMBA, Gunnison Trails, Gunnison Valley O.H.V Alliance of Trailriders, Backcountry Hunters and Anglers, Trout Unlimited, High Country Conservation Advocates and Gunnison Snotrackers. Hunting, fishing, mountain biking, OHV, and general trail use are incredible economic impact generators for these communities and allow local residents and visitors the ability to recreate in their public lands. Not to mention, these organizations draw immense support from local communities contributing volunteer efforts to help sustain such resources. Thanks for you time!
