Comments: I would like to correct any prior comment I made about this. I want to support wilderness and definitely keep Granite Basin (Cement Mountain) as wild and wonderful as natural and beautiful as it is now forever!

- I support a wilderness designation for Granite Basin
- I support the Forest Service 2007 Wilderness recommendation for Granite Basin
- I want to protect primitive lands for current and future generations
- I want wilderness so everyone can enjoy nature and solitude close to a population center
- I support wilderness in this area for recreational activities such as hiking, horseback riding and cross country skiing

I support a wilderness designation for Granite Basin because it protects ecosystems and mitigates against climate change
