Comments: Hello,

In response to the Plan Revision to the Grand Mesa, Uncompahgre and Gunnison Forests, I support and echo the comments made by Dave Ochs of the Crested Butte Mountain Bike Association and urge the forest service to consider these 3 items when revising the plan:

1. Use the Gunnison Public Lands Initiative Proposal as a template for the Forest Management Areas in the Gunnison Valley
2. Continue to emphasize collaborative stewardship efforts in the Forest Plan Revision
3. Recognition of the need for new, sustainable trails

Thank you,

Corey Axtell
