First name: Sonya

Last name: Thompson

Organization:

Title:

Comments: Public land should be kept open for public use. We are avid snowmobilers, fisherman, hikers, skiers and campers and we are now passing the love of the outdoors down to our children so they to learn and respect our land and play in and enjoy the wild life that we see up there every time we enjoy the grand Mesa. Please do not downsize, take away or limit or Backcountry access.
