Comments: Please do not take away, limit our Backcountry access to the Grand Mesa, Gunnison or Uncompahgre.

My family and I are in these areas every weekend. We ski, hunt, snowmobile, hike, fish, camp and four wheel. We enjoy getting out and doing this, we need more people out and about less people sitting inside by taking away our public land we cannot pass these adventures and experiences on to our children.

Thank you for keeping public land open to the public.
