Comments: WNF single track motorcycle only trail

I think the idea of a motorcycle only single track trail is excellent. Being a long time enduro rider ( 40+ years), I have seen the depletion of available riding areas for 2 wheeled only motorcycles. Quads and other 4 wheeled ATV's have, in my opinion, reeked havoc on the trails and grounds such that the areas have been closed - and understandably so. Please make a 2 wheeled only trail, and enforce its use. We ride the single track trail in the Allegheny NF and too often have encountered quads on the trail - recklessly widening and damaging the trail.

Thanks

Rich Russell
