Comments: Wayne Nat'l Forest feedback

I am writing to urge you to protect the Wayne National Forest and leave it as natural as possible. This is a part of the state that I brag about to folks from other states. It's the most beautiful part of Ohio, home to many species and ecosystems. We already know the damage that can occur when drilling, mining, and transport of toxic materials takes place in pristine areas. Ohio will benefit in the long-term by protecting this unique part of Ohio.
