Comments: Robinson Integrated Resource Project #48884

I am not against the bike trail per se but I don't want to see the massive saturation of a recreation site like we see on RT73 by mount Horrid winter glades XC skiing. How can such an influx of people into one area be helpful to a wilderness experience? I can not imagine that many cars descending on Bingo road I do recognize the economic value of visitors but on the other hand there must be some control of the numbers that the area can sustain without ruining its natural peace, wildlife and environmental beauty.

Thank you for this opportunity to voice my concerns.

Brad McKirryher, land owner in Bingo Basin.
