Comments: Reject Ruby Mountains Oil and Gas Leasing

May 24, 2018

Jenna Padilla, U.S. Forest Service

Dear U.S. Forest Service,

I am writing to urge you to deny the U.S. Bureau of Land Management's request that you open up the Ruby Mountains of the Humboldt-Toiyabe National Forest to oil and gas leasing.

The Forest Service has absolute discretion to withhold its consent to federal oil and gas leasing beneath National Forest System lands. The agency is under no obligation to allow any leasing.

Given the importance of the Ruby Mountains for fish and wildlife, for outdoor recreation, and for our American heritage of public lands, leasing in the Ruby Mountains is a terrible idea.

There is no need to lease the Ruby Mountains. Right now, there is barely any oil and gas production in the State of Nevada and all leasing appears to be completely speculative. I urge the Forest Service not to allow our public lands to be used to fuel industry speculation.

Please, reject any and all oil and gas leasing in the Ruby Mountains of the Humboldt-Toiyabe National Forest.

Thank you.

Sincerely,

Mr. Bobbie Flowers
