Comments: Reject Ruby Mountains Oil and Gas Leasing

May 27, 2018

Jenna Padilla, U.S. Forest Service

Dear U.S. Forest Service,

The continued DESTRUCTION of OUR public lands is UNACCEPTABLE! The GREED of SPECIAL INTERESTS IS NO JUSTIFICATION TO DESTROY THE RUBY MOUNTAINS!! These lands BELONG to The People of this nation, not to some agency that ONLY cares about CATERING TO THOSE SPECIAL INTERESTS! We CARE ABOUT and TREASURE these PRECIOUS areas. To allow the desecration and destruction is IMMORAL!

I am writing to urge you to deny the U.S. Bureau of Land Management's request that you open up the Ruby Mountains of the Humboldt-Toiyabe National Forest to oil and gas leasing.

The Forest Service has absolute discretion to withhold its consent to federal oil and gas leasing beneath National Forest System lands. The agency is under no obligation to allow any leasing.

Given the importance of the Ruby Mountains for fish and wildlife, for outdoor recreation, and for our American heritage of pubic lands, leasing in the Ruby Mountains is a terrible idea.

The fact that the Rubies are the source of water for the nearby Ruby Lake National Wildlife Refuge raises serious concerns that any future oil and gas development will pose unacceptable risks to surface and groundwater.

There is no need to lease the Ruby Mountains. Right now, there is barely any oil and gas production in the State of Nevada and all leasing appears to be completely speculative. I urge the Forest Service not to allow our public lands to be used to fuel industry speculation.

Please, reject any and all oil and gas leasing in the Ruby Mountains of the Humboldt-Toiyabe National Forest.

Thank you.

Sincerely,

Ms. Judith Castiano
