Comments: Hello, I would like to express my full support of the Rochester/Randolph Sports Trail Alliance and their continuing projects in cooperation with the Green Mountain National Forest. The work done to date has been stupendous, of great joy to myself, friends and family. The USFS Robinson IRP will add excellent access and recreational opportunities for our Forest. Please consider all phases of the project, including a long distance mountain bike trail between Rochester and Pittsfield, more backcountry zones in the Chitteneden Brook area, and a year round hut to be in the public interest.

Thank you,

Nathan Webb
