Comments: Hello Forest Service folks!

I would like to add my voice in support of enhancing the recreation options in the Chittenden Brook area.
Specifically, I would LOVE to see three things happen there:
1) have a year-round handicap accessible hut to stay in;
2) extend the backcountry ski options; and
3) add additional parking spaces for all the folks who come to take advantage of the new options!

Thank you for support!

Warm greetings,
Ingrid Nuse
