Comments: To whom it may concern,

Thank you for the opportunity to provide public comment on the Robinson Integrated Resource Project. I am writing to express my desire to include the Vermont Huts Association (VT Huts) in this plan.

As a 501(c)(3) nonprofit organization, VT Huts has collaborated with
numerous recreation partners (including the State of Vermont Department of Forests, Parks, and Recreation) to develop a cohesive statewide hut network in the Green Mountains. Based on existing and conceptual trails, VT Huts has identified 12-15 zones that could conceptually host a new hut for year-round connectivity between Killington and Stowe.

I believe huts will enhance the recreation experience in Vermont, which is directly in line with the objectives of this Robinson Integrated Resource Project. I also believe the positive economic impact a hut network could bring to the state will help to strengthen local communities and foster a deeper appreciation of our natural environment by providing an enriching and immersive outdoor experience.

In addition to directly supporting the VT Huts' initiatives, I do support these other core areas, including:
- Adding a year-round ADA accessible hut in the Chittenden Brook area
- Adding Singletrack multi-use MTB trails between Pittsfield and Rochester
- Creating additional backcountry ski/board zones in the Chittenden Brook area
- Improving parking at the Chittenden Brook trailhead

Thank you in advance for your time and consideration.
