Title:

Comments: Dear SCNF planning team, the bighorn sheep are an indigenous species that lived here for thousands of years until short-sighted humans wiped them out. Now they are trying to make a comeback to overcome the ignorance of our forbears. Region 4 has recommended they be included on the SCC. Do you really want to leave them off the list and defend your decision to your superiors and the courts? There is no defense for this position. Add them to the list. Concerned 50 year Idaho citizen, Alan Reynolds
