Comments: Thank you for taking the time to review rivers in the area to be considered in the Wild & Scenic Rivers Act. One of my favorite is Kane Creek, located in the Pioneer Mountain Range. From it's woodsy begining, to rolling meadows in the middle, finished with a rocky features, it's a hike that offers a ton of scenic variety all while following a beautiful creek. This is a treasure area and should continue to be protected for many years to come. One word to describe this hike that pretty much sums it up: Stunning!
