First name: bob

Last name: dowling

Organization: resident of Colorado

Title:

Comments: I am a resident of Huerfano County, Colorado. Access to national forest land in Huerfano County requires use of Huerfano county roads.

In order to protect our county financially it should be required of any lessee to be required to adhere to maintaining our county roads to the standards of our road regulations. This would include but not limited to maintaining and repairing public infrastructure as cattle guards, bar ditches, road safety measures i.e. wide shoulders.

In order to protect our county environment lessees shall be responsible for dust mitigation, weed control, air quality monitoring/mitigation and noise mitigation. All trucks using county roads will have proper exhaust mitigating devices installed.

Any lessee would inform the county by way of meeting with the Board of County Commissioners and Planning Commission of travel routes, mitigating measures to be employed, and road maintenance plan.
