Comments: To Whom It May Concern,

Thank you for considering mountain biking in your Lee Canyon expansion proposal. In addition to the Downhill mountain bike trails proposed, I would like to propose the following:

- a Cross Country (XC) perimeter loop with two uphill options
- limiting the multiuse trails to uphill MTB traffic

As an avid mountain bike enthusiast, I have traveled to dozens of ski resorts throughout the country. The most successful resorts offer a wide range of terrain that meets the need of both XC and DH type riders. Personally, I utilize both XC and DH terrain and am excited about the prospect of Lee Canyon offering both.

Thank you for your consideration.

Sincerely,

Jen Hanks
