Title:

Comments: I have a cabin in Bear Valley and make heavy use of the connection snowmobile trail from bear valley village to highway 4 closure. I then utilize the trails to Ebbetts Pass and Highland lakes and off trail to such areas as Stanislaus meadow, slick Rock road to Utica, and bloods ridge to corral hollow. I also Snow camp and would be unable to do so if snowmobile access is restricted as I would be unable to carry adequate gear and supplies to remote areas.

I request the areas mentioned and other existing areas remain open for future enjoyment by all.
