Comments: Do not listen to the environmentalists who are telling you that snowmobilers are riding in Wilderness! The Wilderness has always been closed to snowmobiles and we don't ride in these areas. We are asking that our current areas that we have ridden for 40 years is protected! There is so little area that we can ride. If the Alternative 5 plan is implemented, many private property owners will lose access to their cabins where many of us have traveled via snowmobile for many many years!
