Title:

Comments: Please do not allow this closure to happen. snowmobiling is what helps make the town of Bear Valley and all of its vicinity survive in the winter months! Snowmobiling is such a big family affair for us, and if it went away it would really change our family quite a bit. It is our way to be in touch with nature, and enjoy our public lands. I plead for snowmobiling to remain the same for the sake of a village, and for our family winter fun, and family values.

Jon Pearson
