Comments: I am the 6th generation in my family in Tuolumne County. I snowmobile in with my family and friends to our cabin in Eagle Meadows. I help my older relative's get out to Sardine Meadows and Red Rock area in snowmobile's. I know that these relatives would really be heart broken if I am unable to bring them across Sardine Meadows because there is a "Line in the middle of it" that i can't cross. My dad's friend comes in with us riding a snowmobile, he is an amputee. it's one of his absolute favorite things to do; riding ALL OVER SARDINE MEADOWS!!! Please don't take that away from him. It makes sense to use the border's of the Immigrant Wilderness on your maps because the riding rules would be easy to abide by, and easy to SEE, and easy to KNOW. That is how it is now and we all get to learn about our forest and enjoy it, and preserve the wilderness, and recreate. There is NEVER to my knowledge any cross country skiers in this area. i have not seen any ever.. The job of the USFS is recreation for the public. The USFS works for the public so they can recreate.
