First name: Brian

Last name: Hukkanen

Organization: Burton&#39;s Fire

Title:

Comments: i am writing to on behalf of my family. When my wife was injured and unable to ski or snowboard with are family we got snowmobiles as a way to get outdoors in the winter. we did live the area of the Stanislaus forest and still come to the area to ride with are friends and family still in the area. we ride three times a week for most of winter in the area of the highway 4 corridor. we ride mot of the time in the Stanislaus meadows, Highlands and Hermit valley. I took a safety class with the Forest Service last year and found areas to ride on the highway 108 corridor and i am planing to ride and explore in the that area. we try to minimize the amount of rides and skiers in the area so we try to get out in less crowded areas to keep everybody safer and to see areas in winter that i have been to in the summer time. Please keep the forest a land of many uses.
