Comments: I have been riding the highway 108 area on my snowmobile since I can remember including some of my favorite areas like eagle meadows, long valley, sardine, and all along the 108. Extremely disappointed in the forest service to try and take more public land away from the public. All the people I have been snowmobiling with for the last 15 + show nothing but respect and care for the forest more than most, and to keep having to be threatened of getting the land we love taken away is truly disappointing.
