First name: Justin

Last name: Ponsor

Organization: Sled USA

Title: Owner

Comments: I am commenting to state that I support over-snow use of vehicles, including snowmobiles, in the Stanislaus National Forest. The forest service should not close any more areas to snowmobiles. As a part of the snowmobiling community, I have a strong passion for the sport of snowmobiling and strive to maintain a good name for the snowmobiling industry. Each snowmobiler I ride with practices safe riding and does a great job of keeping our environment clean, while having a great time doing it.
