Comments: This is another plan that needs way more work done before any changes are made.

It is ridiculous that we have to keep fighting to keep our PUBLIC riding areas open to ALL of the public. This area is desolate and in thousands of miles of back country snowmobiling I have never once run into anyone in these areas other than snowmobiles. No hikers, skiers, nothing in 20 years. Who are we bothering or disturbing?

This is nothing but discrimination of snowmobiling using outdated incorrect facts.

PLEASE,PLEASE,PLEASE LEAVE OUR FORESTS OPEN TO EVERYONE!!!!
