Title:

Comments: To whom it may concern:

My children have been skiing sense the age of three. During the drought my son was on Dodge Ridges ski team, with the shortage of snow at Dodge it brought us to Bear Valley. We fell in love with the area and decided to rent a cabin there for the season. We were only able to get to the cabin by snowmobile. Which introduced us to our new found love snowmobiling. We have sense purchased our own cabin in Bear Valley and snowmobiles for the whole family. Most of our Sundays in the winter are taking a ride up highway 4 to take in the beautiful scenery. Snowmobiling has given us the ability to show our friends and family the back country in the winter, which many of them would have never gotten to experience. My family loves skiing and snowmobiling. Please keep our forest accessible to all citizens WE All LOVE and Care for our forest and do not want to see it destroyed, just because our interests are different does not mean our intentions are.

Sincerely,

Cathy Wildenberg
