Comments: Im hoping that not only are the same current snowmobile riding areas left open that we can work towards opening more land, I recreate on snowmobile, bicycle, hiking, horseback, as well as UTV/dirt bike. The chugach and access to it is a major reason why I live here most of my free time is spent in the chugach in 1 form or another, I hope these areas continue to stay open to motors and work towards opening more,

thank you for your time
