Comments: I appreciate the chance to voice my concerns regarding this states beautiful and amazing recreation areas. I love this state for the fact that we have access to such a vast amount of open and easily accessible recreational areas. I love participating in all of the recreational activities that you can do here to include hunting, fishing, hiking, skiing, and snowmachine use. By far one of my most favorite activities in the winter is snowmachining. It is one of the best feelings in the world to be able to glide through the endless snowey valleys and mountains of this beautiful state. You can get to so many beautiful places where the views are just breath taking. I hope that you will strongly consider keeping open access to as much of this beautiful state as possible for generations to come. Some day I would like to take my children to the many places I have been so privileged to see here in this beautiful state we have! Thank you for your time, best regards!
